

Steel | Single Door | IP66 IK10

VE-404020

400H x 400W x 200D

VERSCH Steel Wall-Mount Electrical Enclosures (RAL7035 Grey) deliver dependable IP66 IK10 protection for everyday electrical and control applications. Manufactured in powder-coated galvanised steel with a continuous formed polyurethane gasket seal and secure quarter-turn locking — certified to IEC/EN 60529 and IEC/EN 62208. Suitable for general industrial control, HVAC interfaces, pumps and irrigation, lighting and signage, and small PLC/IO applications.

Protection Rating: IP66 IK10

Standards and Certifications: IEC/EN 60529, IEC/EN 62208

Materials:

- Body: 1.2mm electro-galvanised steel
- Door: 1.5mm electro-galvanised steel
- Mounting Plate: 1.5mm electro-galvanised steel
- Gland Plate: 1.5mm electro-galvanised steel
- Seal: Polyurethane
- Surface Treatment: Powder-coat 80-120micron
- Colour: RAL7035
- Mass: 9 Kg.
